Judge William H. Webster  
Director  
Central Intelligence Agency  
Washington, D.C. 20505

Dear Judge Webster:

Every year the Defense Intelligence Agency (DIA) sponsors a conference to acquaint Department of Defense junior intelligence officers with the entities, activities, and perspectives of the U.S. Intelligence Community. Over the last 5 years these conferences have been highly successful.

The measure of success which we were able to attain in last year's conference, was directly related to the arrangements which your agency made in supporting the event. CIA's support was most beneficial in expanding the conferees' knowledge on the relationships and interface of community components. I feel strongly that we must continue efforts of this nature to ensure our success in grooming junior intelligence officers to meet the leadership challenges of the future.

Accordingly, DIA is planning to host a Junior Intelligence Officers' Conference during December 1987 in Washington, D.C. The conference is for officers personally selected by their Service Intelligence Chiefs and the U&S Command J-2's. We again plan to organize the conference around a week-long series of seminars, briefings, and tours. It is our intent to provide the conferees an opportunity for dialogue with leaders of the Intelligence Community, and to meet decisionmakers who use intelligence products.

My staff has had preliminary discussions with [redacted] of your Office of Training and Education. Currently, a visit to CIA by the conferees is planned for 1 December 1987 from 1200 to 1600. As presently planned, the officers will be afforded an insight into CIA and its relationships with the Intelligence Community and the other branches of the government. If your busy schedule will permit, some personal comments to the conferees would be extremely beneficial.

We remain particularly grateful for your agency's participation in the 1986 conference, which was a highlight of the conferees' week-long activities. The DIA point of contact is [redacted] DI-ESA, telephone 695-0197.

Sincerely,

LEONARD H. PERROOTS
